Annual Report 2016-17

Preface

Southern Resque has marched towards 10 years with the vision of a self-reliant society free from the evils of caste, creed, gender discrimination, illiteracy, ill health, property and exploitation where men and women move ahead-in-hand and in perfect harmony with nature So as to attain higher levels of humaneness and camaraderie. Though it has begun its journey In 2005 a group of local youth came together to decide the ways and means to improve the living conditions of the people in KULPI Block. Initially they carried out welfare activities contributing their time and energy for EDUCATION CENTER(RABINDRA MUKTA BIDHALAY), free Computer and Mobile Training Institute , Vocational Training Programme (Tailoring Training Centre), IGP (Garment and Dress making) for vulnerable and dropout girl child , woman and youth Primary Health (Sundarban), cleaning ponds and offering medical help to the sick people in the locality. In 2008-09, they formed themselves into organizations title "SOUTHERN RESQUE" (S.R) and registered the same under the Societies registration act. Over the years S.R has matured into a leading the pioneering organization with Education, health, SHGs and Women Empowerment as the major with awareness building for the right of the rural populace.

Presently the organization has been directly intervening in Dhola GP, Chandipur GP, Ramnagar Gazipur GP and Ramkishor GP under Block Kulpi, South 24 Parganas for construction of Individual Household Toilets (IHHLs) under Mission Nirmal Bangla and Vocational Training programme on Computer and Tailoring.

(Archana Adhikary)

President)

Executive Note from Secretary' Desk

2

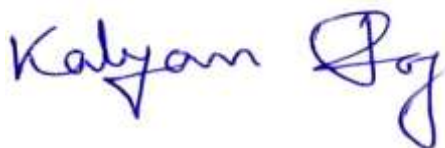

Southern Resque has been considered as rural based organization works exclusively for the marginalized and underprivileged youth and women for ensuring their rights and capacitating their skills in Kulpi and Pathar Pratima of South 24 parganas.

The organization has plans to expand its intervention in the district of Sundarban areas of West Bengal. The organization has already started intervention over there through conducting survey and identification of targeted people and organizing community based events by utilizing organization's own fund.

Southern Resque believes the year is the dedication towards toilet less families and so on war footing it has constructed IHHLs almost throughout the block and supported Mission Nirmal Bangla with 2nd highest number of IHHL construction and also mobilized families for toilet usage.

Besides sanitation it has very strong thematic coverage in skill development of youth in computer and tailoring and guided them to get employment in dignified manner.

I do anticipate that the members of Southern Resque family will march forward towards their desire mission and from organization point of view financial catastrophe will be ceased to exist in the coming years.

(Kalyan Roy)

Secretary

Livelihood

4

Southern Resque has been prioritizing skill training programme for vulnerable children and women to minimize the vulnerability and simultaneously making skilled workers who can lead their lives with dignity and thus increasing family income(Ref: SDG 1 and 8). The economy of the families can be improved and board positive changes also to be seen within the community. Since poverty is one of the causative factors behind child trafficking and child labour so vocational education can be an effective tool and simultaneously addresses SDGs which state no poverty and decent work and economic growth. It received appreciation award from the Block Development Officer, Kulpi block for excellent performance in computer education, other skill trainings and sanitation

Initiatives of Southern Resque:

(i) Swabalamban: 50 unemployed youth living under Kulpi Block, District-South 24 Parganas received skill training on readymade garments making. The project was supported by Women and Child Development, Govt. of West Bengal. The process includes identification through strong involvement of gram panchayat and community resource persons and subsequently capacity building of 50 youth in making readymade garments and arrangement of marketing of products. As part of the result the 50 unemployed youth became self-sufficient.

(ii) Paschim Banga Society for Skill Development (PBSSD)-Skill Development for youth: 300 youth capacitated on computer education in Block-Pathar Pratima, banking in Block-Kulpi and computer embroidery in Municipality-Budge Budge and subsequently 50 % increase in income of their families.

(iii) Computer training for SHG members: With the support of department of SHG, Govt of West Bengal, 30 SHG members capacitated in computer education in Bishnupur II and Kulpi Block under the district of South 24 Parganas. The SHG members applied their computing skills in income generating business and got benefitted which led their family income increase on 50 % basis.

(iv) 80 computer students under Kulpi and Pathar Pratima Block, District-South 24 Parganas had been under skill development programme on computer education for a period of 6 months. After successful completion of the course, 60 became self-reliant with their job placements in Vedanta Foundation.

(v) 50 students under Kulpi Block received computer education under National Digital Literacy Mission and successfully completed the course.

Household Sanitation

6

To ensure availability and sustainable management of sanitation for all (Ref: SDG 6), Southern Resque took initiative to promote household sanitation in Kulpi the area where the organization has been working since its inception. According to the study conducted by the block, the area has been recognized as the open defecation area. The minority dominated area needs intervention on WASH. The organization had facilitated the demand generation and construction work accordingly. The initiative was highly ratified by the respective block and district administration.

Initiatives of Southern Resque:

2400 individual household latrines constructed under strong supervision and monitoring support received from panchayat members and SHG Cluster and led to behavior change of family members of the latrine owners in different villages of Ramkishore GP, Dhola GP, Chandipur GP, Ramnagar Gazipur GP, under KULPI BLOCK in South 24 parganas district in West Bengal. The activities implemented under Mission Nimal Bangla (MNB) with the support of District South 24 Parganas. Southern Resque received appreciation award from the Block Development Officer, Kulpi block for excellent performance in computer education, other skill trainings and sanitation.

Environment

7

With the construction of household latrines and subsequent mobilization meeting with the users on operation and maintenance of the toilets, the organization has been working for protection and preservation of environment which is required to be made free from pollution and dis balancing effects that supports SDG 6.

Initiatives of Southern Resque:

(i) With the support of Ministry of Forestry the organization through national environment awareness camps generated awareness on bio diversity for 50 villages under Kulpi block.

(ii) Every year during "Aranya Saptaha"- a week celebrated through plantation of trees and saplings. The organization workers collected saplings from Block recommended nurseries and with strong involvement of SHG Cluster, PRI members, adolescent girls and boys the plantation activities implemented in different places. Sensitization programmes on environment protection and importance of tree plantation done during aranya saptaha.
